

Numbooi

Aim: to get the highest number as possible

1. Remove the picture cards from a deck of cards.
2. The Ace has a value of '1'
3. The 10 has a value of '0'
4. Shuffle the cards
5. Call out the number as each card is turned over
6. Children are to fill in the grid below using the top two rows only
7. Once 6 numbers have been called, the children add up their total

Adaptations: less/more numbers (place values)
 lowest number
