

An *unbirthday* is an event that can be celebrated on any day that is not the person's birthday.

Can you calculate ...

How many days has a year?

How many days a year can you celebrate your unbirthdays?

How old are you?

When is your birthday? _____

How many days are you?

As Alice was invited to a Mad Tea Party, write the months of the year in a back way. Be sure about the spelling!
