

# Landscape

A landscape is a picture of an outdoor scene. It can include land, sky, water, clouds and more.

A portrait is a picture of a person or an animal, which shows their appearance and personality.

# Portrait

A still life shows objects.  
These can include food,  
shells, clothes and flowers.

# Still Life

# Abstract

An abstract painting with vibrant, swirling colors including red, orange, yellow, green, blue, and purple. The brushstrokes are thick and expressive, creating a sense of movement and depth. The word 'Abstract' is overlaid in a large, white, bold font with a blue gradient and a black outline.

Abstract art uses shapes, lines and colours to create an image, which may or may not look like something in the real world.
