

Averages

Mean

Median

Mode

Range

Mode is
the *most*
common
piece of
data.

To find the
median, put
the numbers
in order and
find the
middle
value.

To calculate
the mean,
find the
total then
divide by
how many
pieces of
data.

The range
is the
difference
between the
smallest and
largest
values.

Mode

Most Common

The mean is
the nasty one!
