

The Chocolate Experiment

Design an experiment to prove that when chocolate changes from a solid to a liquid, the change is **reversible**.

What I am trying to prove:

In this chocolate experiment I am trying to prove that

Apparatus (what I will need)

Method (what I will do)

How will you change the chocolate into a liquid?

1. _____

2. _____

How will you change the chocolate back into a solid?

3. _____

4. _____
