

## Results of Circuit Investigation

This is what I found out about circuits:

Were my predictions correct?

Here is my explanation:

### Checklist

Have I used these scientific words? (Colour each smiley face if you can answer yes!)

complete circuit  battery  bulb  light 

brightness  wires fair test  length 

comparisons  dimmer 

Have I checked to make sure I have spelt all of these words correctly? 

Is my work neat? 

Did I cooperate with my group at all times?
