

# Morris the Martian's Day Out

Morris the Martian missed his mummy very much. She had gone to Pluto to look after his granny. Mrs. Martian sent Morris a letter which said:

Dear Morris,  
Please visit me and granny, and bring the following things with you:

Cushion from Saturn  
Flowers from Earth  
Fruit Juice from Jupiter  
Galaxy bar from Mars  
Nine Fish from Neptune  
Thermometer from Mercury  
Umbrella from Uranus  
Vase from Venus

Love Mummy xxxxxxx

Your job is to make Morris move from the Sun to Pluto on the large map of the solar system, using the shortest route.

You must stop at every planet to pick up the shopping that Mrs. Martian wants Morris to get. Record Morris' movements on the back of this page.
