

Noah

Noah lived a very long time ago.
God spoke to Noah and told him to build a big boat called an Ark.
When it was finished God told Noah to take 2 of each type of animal and put them inside.
God sent the rain for 40 days and nights. When it stopped raining God made a promise
that he would never flood the world again.
To remind us of this promise he created a rainbow.

Noah's Ark

Put these pictures in the correct order and write a caption under each one.
